JANUARY
1993 Welding and Fabricating Buyers Guide

FEBRUARY
14 Welding Engineering: Profiles in Experience
34 Award-Winning Tanks House Miles of Welds
39 Steel Fabricators Host 60th Annual Meeting
40 1993 Material Showcase
44 Roll-Bending Machines: An Equipment Update
48 Hearing Protection for Fabricating Shops

MARCH
20 Welded Pipe Columns Support Stadium
24 Consumable-Guide Welds Build Huge Trusses
29 Inverters Advance Welding Automation
34 Check Valves and Flashback Arrestors
36 Beam Lines Automate the Structural Shop
41 Fine Plasma Sharpens the Cutting Edge

APRIL
26 Metal-Folding Machine Keys JIT for GE
30 New HSLA Wires Could Save the Ship
32 Controller Works on Welding Rail
35 New Test Monitors Brazing Atmospheres
39 LBC is a Winner for Stainless Fabricator
47 Service Center Delivers Metal Goods
51 Tap a Big Market—Military Hardware
54 An Overview of Gamma Radiography
59 Blast and Pickle for Spotless Stainless
62 What's New in Sheet-Metal Welding
67 Weld Maintenance Keeps Coal Mine Running
75 Visitors Strike it Rich in Houston
99 Show Library

MAY
22 What's New in Thermal-Spray Coating
27 New THSP Equipment Boosts Coating Quality
31 Plasma-Punch Combo Boosts Throughout
34 Orbital GTA Welding Joins Titanium Ducts
39 Aluminum GTA Welds Put SHOOT into Orbit
44 Aluminum GMAW Launches the Delta Rocket

JUNE
13 Reference Issue: Brazing
72 Pipe and Tube Bending: A Refresher Course
80 News from the AWS Show

JULY
27 Offshore Technology Conference
31 Revving Up for Portable Weld Power
36 Bending Tube and Pipe? Go to a Specialist
43 Weld-Repair of Crank Saves Stopped Press
46 The Keys to Tool-Steel Repair
50 Laser-Beam Cutter Carves Kitchen Parts
52 North American Welding Conference
54 Data Sheet #559—Base-Metal Preparation for Thermal Spraying

AUGUST
22 Plant Layout Shortens Turnaround
26 The Benefits of Air Bending
28 Welding Pipe 6G: Tricks of the Trade
32 Consumable Inserts Weld Inconel Pipe
34 Radio-Controlled Planes Soar on Pulsed GMAW
39 An Automated Way to Weld Aluminum Panels
42 Arc Welding HSLA Steels

SEPTEMBER
21 Salary Survey 1993
26 Which Wire Feeder Is Right for the Job?
39 Safety Comes First, Savings Follow
45 LBW—The Danger Is Unseen Light
48 Ergonomic Supports Avoid Injuries
52 Ironworkers Epitomize Shop Versatility

OCTOBER
25 How Maysteel Achieved ISO 9000 Registration
35 Turret-Laser Combo Adds Flexibility
39 Shopping the Aisles at Fabtech
51 Pulsed GMAW Boosts Productivity
57 How to Find Code-Qualified Welders

NOVEMBER
25 Education Key to Proper Use of Check Valves
29 Quality Control Made Simple
35 Testing and Inspection Reference File
41 Restricted-Access Test Qualifies Welders
45 RSW Controller Brings Consistent Quality
49 Press-Brake Software Automates Setup

DECEMBER
19 Safeguarding Press-Brake Operators A Must For Fab Shops
24 LBC Powers Midwest Fab Shop
29 Laser-Beam Welding Ready for the Shop
32 Better Fillers for Nuclear Welds
34 Tips for Successful Automated Bore Buildup
36 Self-Brazing Metals Open Up Design Options
39 Testing the Quality of Welders' Air

BY SUBJECT...

Subject **Month:** Page Number

A
Aerospace welding **2/93**:30-32, **5/93**:39-42
Air bending **8/93**:26-27
Air quality **10/93**:54, **12/93**:39-43
Aircraft ducting **5/93**:34-36
Altec International **10/93**:51-54
Aluminum **8/93**:39-41, **10/93**:51-54
  resistance-spot welding **11/93**:45-47
  welding **5/93**:39-42, 44-47
  wire feeders for **9/93**:26-33
Arc radiation **9/93**:45-47
Atmospheres, brazing **4/93**:35-36
Automation **8/93**:39-41
Automotive welding **2/93**:22-26

B
Back injury **9/93**:48-49
Beam lines, structural **3/93**:36-38
Blasting of stainless steels **4/93**:59
Bore buildup **12/93**:34-35
Brazing **6/93**:13-67, **10/93**:51
Brazing, aluminum **12/93**:36-37
  mild and stainless steels **12/93**:36-37
  quality **4/93**:35-36
  self-brazing materials **12/93**:36-37

C
Cabinets, fabrication of **10/93**:25-32
Cantilevered-beam welding fixture **5/93**:44-47
CO_2 lasers **12/93**:29-31
Carpal-tunnel syndrome **9/93**:48-49
Check valves **3/93**:34-35
Coal mining **4/93**:67-68
Codes **10/93**:57-59
  offshore-construction **7/93**:27-29
Consumable inserts **8/93**:32-33
Coping beams **3/93**:37-38
Cumulative-trauma disorders **9/93**:48-49
Cutting, plasma-arc **4/93**:22-23

D
Defense **4/93**:51-52
Delta rocket **5/93**:44-47
Design feasibility, automotive **2/93**:22-26
Digesters **2/93**:35-36
Duplex stainless steels **7/93**:52-53

E
Earmuffs **2/93**:50-53

F

Fabricating, noise levels **2/93**:50
Fabricating centers **4/93**:39-43, **5/93**:31-33, **8/93**:22-25
Fabricating centers, punch press-laser combo **10/93**:35-36
Filler metals, HSLA **4/93**:30-31
Field welding **7/93**:31-34
Film, radiography **4/93**:55-56
Flash-butt welding **4/93**:32-33
Flashback arrestors **3/93**:34-35, **10/93**:25-27
Flux-cored-arc wire feeders **9/93**:26-33
Forgings, weld repair of **7/93**:43-44
Forming **2/93**:44-46
4010 steel weld repair **7/93**:43-44
Furnace brazing **4/93**:35-36

G

GTAW, aluminum **5/93**:39-42
Gamma radiography **4/93**:54-56
Gas-metal-arc welding **8/93**:42-46, **12/93**:24-25
  aluminum **5/93**:44-47
  wire feeders **9/93**:26-33

H

HSLA consumables **4/93**:30-31
Hearing protection **2/93**:48-53
Heat exchangers **10/93**:51-54
Heat treating **4/93**:48
High-strength low-alloy steels **8/93**:42-46
Hydrogen-induced cracking **8/93**:45-46

I

Inconel **12/93**:32-33
  pipe **8/93**:32-33
Inspection, quality control **11/93**:29-32
Ironworkers, case histories **9/93**:52-57
Inverter power supplies **3/93**:29-32
ISO 9000 **10/93**:25-32

J

Joint design for LBW **12/93**:33

K

Kitchen equipment **4/93**:39-43

L

Laser-beam cutting **4/93**:39-43, 64; **7/93**:50-51, **10/93**:35-36, **12/93**:24-26
  design for **4/93**:40-41
Laser beams, hazards of **9/93**:45-47
Laser-beam welding **12/93**:29-31
Laser versus mash-seam welding **4/93**:62
Laundry equipment **3/93**:41-43
Light curtains **12/93**:19-22

M

Machining **12/93**:34-35
Maintenance and repair welding **4/93**:67-68
Maysteel Corporation **10/93**:25-32
Metal folding **4/93**:26-28
Military market **4/93**:51-52

N

National Welding Registry **10/93**:57-59
Nesting **4/93**:40
Nickel alloys, fillers for **12/93**:32-33
Noise **2/93**:48-51
Nuclear welds **12/93**:32-33

O

OSHA **2/93**:50-53
Offshore structures **7/93**:27-29
Oil and gas production **7/93**:27-29
Orbital GTAW **5/93**:34-36

P

Petrochemical industry **11/93**:41-43
Petrochemical processing **2/93**:17-21
Pickling of stainless steels **4/93**:59
Pipe bending **6/93**:72-75, **7/93**:36-41
Pipe welding **8/93**:28-30
Pipe welding, structural **3/93**:20-22
Pipe welds, radiography of **4/93**:55
Pipelines, offshore **7/93**:27-29
Plant layout **8/93**:22-25
Plasma-arc cutting **3/93**:41-43, **4/93**:22-23, **5/93**:31-33
Power supplies, engine drives, engines **7/93**:31-34
Power supplies, wave-form control **3/93**:29-32
Press brakes **4/93**:26-28, **8/93**:26-27, **10/93**:29
Press brakes, safety **12/93**:19-22
Press brakes, software **11/93**:49-51
Programmable controllers **4/93**:32-33
Pulsed GMAW **10/93**:51-54
Pulsed-GMAW of aluminum **8/93**:34-36

Q

Qualification, welder **10/93**:57-59, **11/93**:41-43
Quality **10/93**:25-32
Quality auditing **4/93**:51-52
Quality control, basics **11/93**:29-32

R

Radiation, UV and IR **9/93**:45-47
Radiography **4/93**:54-56
Rail welding **4/93**:32-33
Reactive materials, joining of **12/93**:30
Repair welding **12/93**:34-35
Resistance welding **4/93**:62-63
Resistance-welding control **11/93**:45-47
Resistance welds, quality of **4/93**:62-63
Reverse-flow check valves **11/93**:25-27
Robots **10/93**:30
Roll bending, equipment **2/93**:44-46
Roll-extrusion forming **7/93**:36-41
Rollforming **10/93**:30

S

Safety, laser-beam **4/93**:42
  oxyfuel **3/93**:34-35
  press brakes **12/93**:19-22
  radiography **4/93**:56
Safety and health **9/93**:39-42
Salaries, engineers **9/93**:21-23
  welders **9/93**:22
Sawing **4/93**:47-48
Self-brazing materials **12/93**:36-37
Service centers, metal **4/93**:47-48
Sheet-metal fabrication **4/93**:26-28
Sheet-metal welding **4/93**:62-64
Shielded-metal-arc welding, pipe **8/93**:28-30
Shielding gas for LBW **12/93**:31
Shipbuilding **2/93**:14-16, **4/93**:22-23, 30-31
Software, press brakes **11/93**:49-51
Stainless steel **7/93**:52-53
  brazing of **4/93**:35-36
  fabricating of **4/93**:39-43, **7/93**:50-51
  fillers for **12/93**:32-33
  surface cleaning of **4/93**:59
Standpipes **2/93**:34-35
Steels, high-strength for pipelines **7/93**:27-29
Structural welding **2/93**:26-28, **3/93**:20-22, 24-26
Submerged-arc welding, twin wire **3/93**:22

T

Tankers, oil-transport **7/93**:27-29
Tanks **2/93**:34-36
Tennis elbow **9/93**:48-49
Thermal cutting **4/93**:48
Thermal spray, base-metal pump (data sheet) **7/93**:54
Thermal-spray coating **5/93**:22-24
Thermal spraying **5/93**:27-29
Titanium welding **5/93**:34-36
Tube bending **7/93**:36-41

V

Ventilation **4/93**:148 (data sheet), **5/93**:48

W

Weld bonding **4/93**:62-63
Weld repair, tool steels **7/93**:46-48
Welding engineering **2/93**:14-32
Welding power supplies **3/93**:29-32
Welding quality control **11/93**:29-32
Wire-feed rolls **9/93**:26-33
Wire feeders, selection of **9/93**:26-33
